The constant improvement and evolution of our products may result in some modifications of the technical specifications and characteristics of the products without prior notice.

Bench with **ductile iron legs treated with Ferrus**, a protective process that guarantees high resistance to corrosion. The Ferrus treatment consists of three layers applied after shot cleaning all impurities: an electrolytic bath, an epoxy coating and a marteled polyester paint coating.  
Five tropical wood boards treated with Lignus, a fungicide, insecticide and waterproof agent.  
Stainless steel screws.

Recommended anchoring: by means of M10 expansion bolts depending on the surface and the project.

#### Customizable marking

Aluminum plate 74 x 35 mm.

#### Customizable marking

Milled plank
