

ROADBLOC™ SYSTEM

PRODUCT CODE: KAV030-000-100

WELL ANGLED TRAFFIC SEPARATOR

TECHNICAL
SPECIFICATION

TRAFFIC MANAGEMENT

INSTRUCTIONS FOR USE

The Roadbloc™ is a visual barrier, it is not suitable for protection of workers from vehicles crossing into the barrier

The Roadbloc should be set up against an appropriate risk assessment

DIMENSIONS OF ROADBLOC™

Height: 600mm

Length: 1140mm

Width: 500mm

Unfilled Weight: 6Kg (Approx)

Water Fill Capacity/Weight: Correct water line volume
18-20 litres = 18-20Kg

Total Weight: Water filled to recommended capacity 18-20Kg
water + 8.5Kg plastic road wall = 26.5-28.5Kg

ROADBLOC™ SYSTEM FEATURES & BENEFITS

Mini Roundabout: Each barrier can swivel at its connection point up to 45° to enable 8 systems to form a circle

Uneven Terrain: Each unit can be tilted at an angle whilst still connected making it ideal for use across uneven terrain

Visibility: Reflective strips can be placed to sit within a recessed area on each unit. There is also the option to add 1M high PVC barrier boards supported on 60mm diameter poles for increased visibility

Branding: Bespoke colours to suit corporate identities are available. Each unit contains 2 specific areas (one on each side) that can be embossed with a contractor's name, logo etc

Convenient: Each Bloc features interlocking feet which allow the units to be stacked efficiently without the risk of them sliding apart, helping prevent pedestrian/worker accidents

Materials: Made from Solathene PE, offering extended UV protection to help prevent fading

ROADBLOC™ SYSTEM PERFORMANCE

The new Roadbloc™ from JSP has been manufactured from Solathene™ HD and the system has been extensively trialled to ensure that it surpasses the demands and expectations bestowed on Traffic Separators by today's Traffic Management industry

Its unique hinge allows it to form a mini roundabout with just eight units and to bend upwards so that they can stand firm on uneven ground

They can also be stacked very conveniently. Stacks of 20 Roadblocs™ supplied securely banded

CLEANING & MAINTENANCE

Clean with a warm soapy cloth and allow to air dry

Keep clean and in a suitable environment

ROADBLOC™ COLOUR OPTIONS

Standard Red or White

Red/White customer specific colours can be made blue, yellow, orange, grey, green, black etc
