

SURFACE MOUNT STAINLESS STEEL SHEFFIELD CYCLE STAND

pittman[®]

OVERVIEW

The Surface Mount Stainless Steel Sheffield Cycle Stand provides secure cycle parking for retail sites, offices, schools, residential developments and public spaces.

Manufactured from 304-grade stainless steel with a 240-grit brushed finish, this stand combines strength and corrosion resistance with a clean, modern appearance.

Its Ø48 mm tubular frame provides strong, long-lasting performance, even in busy urban environments.

The surface mount design features two stainless steel base plates for straightforward installation onto existing concrete or paving.

FEATURES

- 304-grade stainless steel – excellent corrosion resistance for outdoor use
- 240-grit brushed finish – clean, professional appearance
- Ø48 mm tube (2.0 mm wall) – strong and durable construction
- Surface mount – quick and secure installation on concrete or paving
