

PITTMAN SINGLE DOOR BIKE STORAGE

OVERVIEW

Protect your bike with confidence using our Single-Door Bike Locker, crafted from galvanised steel and finished with a rust-resistant, powder-coated exterior for long-lasting, all-weather durability. Engineered for both indoor and outdoor use, this locker delivers top-tier security and space efficiency for cyclists at residential complexes, commercial properties, schools, and public facilities.

Its smart, compact design features anti-theft and anti-pry mechanisms, ensuring your bicycle stays safe from tampering and forced entry. With scratch-resistant and UV-stable coating, your equipment remains in pristine condition, even in exposed environments.

Ideal for urban bike storage or multi-user environments, this locker combines robust protection, functional design, and a clean modern look, making it a dependable choice for securing your ride in any setting.

FEATURES

- High-security design – with anti-prying reinforcements and tamper-proof locking
- Integrated accessory storage – dedicated space for helmets, gloves, tools, and more
- UV and scratch-resistant finish – protects against fading and damage
- Powder-coated, galvanised steel construction – for rust-free, weather-resistant performance
