We Also Stock Wall Mounted Belt Barriers

Naomi Masterson
Operations Manager
(Credit Union Ltd, Tullamore)

"I first discovered Pittman in 2015 when searching on Google for a Queue Management System. We chose the Pittman Stainless Steel Retractable Belt Barrier Post. The barriers have directed the public on where to queue and have also given the building a professional appearance which was a bonus. We had absolutely no issue with the order process, it was quick & easy!"
