

Black Bull Heavy Duty Railing System - OUTDOOR

pittman[®]

OVERVIEW

The Black Bull Heavy Duty Railing System – Outdoor is designed to provide robust protection and pedestrian segregation in busy industrial environments. Combining heavy-duty posts and lateral rails, it offers a strong solution for protecting pedestrians, equipment, machinery and work areas from forklift and vehicle traffic.

Its hot-dip galvanised construction and yellow powder-coated finish provide excellent resistance to rust and corrosion, making the system suitable for long-term outdoor use. The modular design allows posts and rails to be combined in different configurations, creating a barrier system tailored to the requirements of each site.

Suitable for warehouses, industrial yards, forklift routes and pedestrian walkways, the Black Bull Heavy Duty Railing System provides a versatile solution for improving workplace safety. Optional FLEX mounting allows the system to absorb shocks and impacts while helping to reduce potential damage.

PRODUCT FEATURES

- **Heavy-Duty Construction** – provides robust protection in demanding industrial environments.
- **Rust & Corrosion Resistant** – hot-dip galvanised and powder coated for long-lasting outdoor use.
- **Modular Design** – allows customised layouts to suit different sites and applications.
- **Improved Workplace Safety** – helps segregate pedestrians from forklifts, vehicles and heavy machinery.

TECHNICAL DATA (End Post, Middle Post, Corner Post)

SPECIFICATIONS	DETAILS
Product Code	SKU: 765084
Material	Hot-dip Galvanised Steel
Finish (Optional)	Powder Coated Yellow
Height	1000 mm
Top of Post	100 x 100mm
Base Plate	200 x200 x 10mm thick (drilled 4 fixing holes)

SPECIFICATIONS	DETAILS
Product Code	SKU: 765088
Material	Hot-dip Galvanised Steel
Finish (Optional)	Powder Coated Yellow
Height	1000 mm
Top of Post	100 x 100mm
Base Plate	200 x200 x 10mm thick (drilled 4 fixing holes)

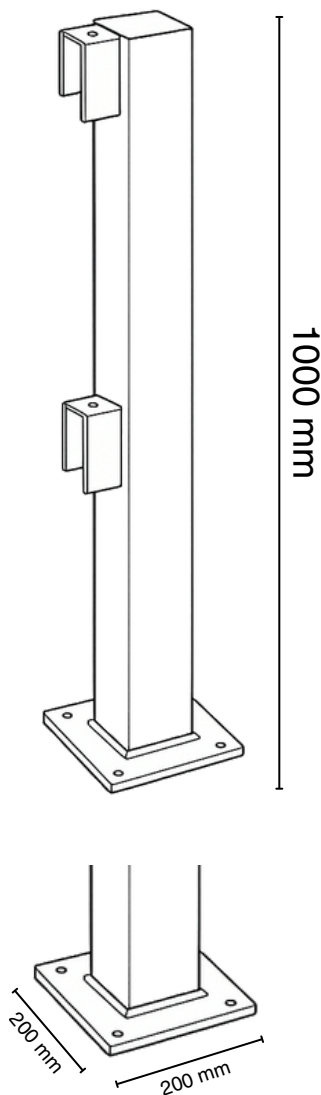

SPECIFICATIONS	DETAILS
Product Code	SKU: 765093
Material	Hot-dip Galvanised Steel
Finish (Optional)	Powder Coated Yellow
Height	1000 mm
Top of Post	100 x 100mm
Base Plate	200 x200 x 10mm thick (drilled 4 fixing holes)

TECHNICAL DATA (Bollard)

SPECIFICATIONS	DETAILS
Product Code	SKU: 765085
Material	Hot-dip Galvanised Steel
Finish (Optional)	Powder Coated Yellow
Height	1000 mm
Top of Post	100 x 100mm
Base Plate	200 x200 x 10mm thick (drilled 4 fixing holes)

DRAWINGS

Note: All posts and bollard Drawings are the same, with the only difference being the position of the rail connection points.
