

# WRAP CADDY

## ADD+GARDS COMMERCIAL PRODUCTS

**THERE IS VERY LITTLE STORAGE ON A FORKLIFT AND EVEN LESS ON A HAND PALLET TRUCK TO STORE ESSENTIAL TOOLS SUCH AS SHRINK WRAP, PENS, SCANNERS...**

**Forklift Caddy:**

Handy tool to store and carry pallet wrapping and tools on forklifts and trucks  
Easy 'Click and release' to remove and replace shrink wrap rolls (suitable for Extended core shrink wrap rolls) Can also be used to hold and store stationary; phones, Scanners, pens tools, etc.. Can be used to hold A4 Clip board

**Easy to Fit:**

High Tack Self Adhesive Tape to stick to Forklift. Optional screws available for a more permanent fixing

**Creates a safer workplace;**

often shrink wrap, tape and other accessories are left behind driver seats, on the vehicle floor and on dashboards unsecured on forklifts. The caddy provides a safe storage place to keep tools and accessories

**Durable and flexible:**

Designed to be robust and also flexible and withstand busy work environments
