

MERCURY SURFACE MOUNT STAINLESS STEEL BOLLARD

pittman[®]

OVERVIEW

The Mercury Surface Mount Stainless Steel Bollard offers high visibility, surface-mounted protection for car parks, shopfronts, commercial premises, and public spaces.

Constructed from strong 304-grade stainless steel with a sleek brushed finish, this bollard is built to withstand exposure to the elements while maintaining its smart appearance. The Ø114 mm tube provides strong visual and physical presence, while yellow 3M reflective bands ensure clear visibility in both day and night conditions.

Designed for surface mounting, the bollard features a stainless steel base plate with 3 anchor points for fast, secure installation on existing concrete or paving.

FEATURES

- Stainless steel tube – durable construction for outdoor protection
- 304-grade stainless steel – excellent corrosion resistance
- Yellow 3M reflective bands – ensures visibility in daylight and low-light conditions
- Surface mounting – fast and secure installation on finished surfaces

TECHNICAL DATA

SPECIFICATIONS	DETAILS
Product Code	755848
Height	1000 mm
Diameter	20 mm
Thickness	2 mm
Material	304 Stainless Steel
Finish	Brushed 240-grit
Reflective Bands	2 x 375 mm x 24.6 mm 3M yellow reflective bands
Mounting	Surface Mount
Base Plate	Ø193 mm x 5 mm thick, 3 x Ø14 mm fixing holes
