

# OLEA CORTEN STEEL PLANTER

Modern styled planters designed to last a lifetime

**pittman**<sup>®</sup>

## OVERVIEW

Enhance your outdoor spaces with the Benito Olea Corten Steel Planter, a perfect blend of modern design and natural beauty.

Ideal for public areas and greenspaces, this planter develops a unique, weathered finish over time, seamlessly integrating into its surroundings while offering long-term durability.

Built for stability and effortless placement, it requires no additional fixtures, making installation simple. Whether used as a striking focal point or a subtle design element, this planter adds sophistication and character to any landscaping project.

## PRODUCT FEATURES

- Naturally evolving rust finish – develops a unique coat over time
- Weather-resistant construction – built to withstand outdoor conditions for years
- Freestanding design – easy to position and relocate as needed
- Modern, timeless style - highly suited to most urban areas and greenspaces
