

- Indoor use
- Extra strong
- Leaves no residue when removed from most surfaces
- Ideal for short and medium term marking

ASR A1.3

The marking of walkways/traffic routes

“The marking of walkway/traffic route boundaries is coloured and clearly recognizable. If the marking is applied to the floor this can be achieved, for example, by lines at least 5 cm wide in a clearly visible colour - preferably white or yellow - with sufficient contrast to the colour of the floor area.”

PROline-tape
Floor Marking System

Self-adhesive floor marking tape

PROline-tape is an extremely tough floor marking tape manufactured in high quality vinyl for quick and effective marking of internal surfaces. Aisles, traffic ways and other demarcation areas can be identified precisely, cleanly and economically.

Specification:

Length: 33 m
Widths: 50 and 75 mm
Thickness: 0.15 mm
Core: 75 mm ID

See page opposite for details.

PROline-tape is easily and quickly applied with the **TAPEliner** applicator, and we also offer the **PROline-tape Marking Set** which contains all the necessary components for a quick start (see opposite page).

Colour	Indication
White	General marking
Yellow	Hazard/caution
Red	Danger/prohibition
Blue	Mandatory protection
Green	Information/direction
Orange	Chemical storage
Red/White	Fire equipment
Green/White	Information/direction
Black/yellow	Hazard/caution
