

- For Indoor and Outdoor use
- Strong steel post
- Simple screw fixing into base
- Quickly and easily deployed

**TRAFFIC-LINE
Removable Barrier Post –
Surface fix**

The **TRAFFIC-LINE** Removable Barrier Post is quick and easy to install and remove. It provides a highly visible deterrent effect at a reasonable cost. The supplied base is fixed by three 80mm depth bolts making this post ideal for use in car parks etc. for blocking off reserved spaces, access ways.

Manufactured from steel tube with an aluminium cap, with sturdy screw thread which screws into the white aluminium base.

Base: Drive over height 30mm.

Finish:
Hot Dip Galvanised and painted red/white.

Please Note: This post simply screws into the base, it does not lock into place. Do not use this product for security purposes.

Description	Ø x Wall x Height (mm)	Colour	Delivery weight (kg/ea.)	Reference
