

Sanibrush

Short Description

Sanibrush is an ideal solution for keeping areas clean and germ free. The 14mm high ramped edges provide a reservoir for disinfectant, while the hundreds of rubber bristles agitate and scrub, to completely clean and sanitise the footwear passing over it. Ideal for use in agricultural and food processing areas.

Product Images

Description

- Ideal for use at entrances to food processing areas
- Ramped edges retain applied disinfectant solution
- Raised nubs compress under foot traffic, bringing footwear into contact with disinfectant and providing automatic scrubbing action
- Overall height 14mm
