- Pre-drilled fixing holes

TRAFFIC-LINE
*Impact Protection –
Corner Protectors*

Easily fixed in position these corner guards provide a high level of protection against damage caused by accidental contact from fork-lift trucks, road vehicles etc.

TRAFFIC-LINE Corner Protectors are manufactured in Natural/SBR rubber with reflective yellow striping incorporated into the standard and bullnose profiles a yellow metal strip is incorporated into the Heavy Duty version. Standard/bullnose profiles are supplied with pre-drilled fixing holes of 3 mm Dia. x 10 mm D, whilst the Heavy Duty version is drilled 5 mm Dia. x 20 mm D.

TRAFFIC-LINE Corner Protectors are designed to protect vulnerable corners of commercial properties, warehouses, distribution depots, factories, public buildings etc.

Profile	H x W x L (mm/set)	Colour	Delivery weight (kg/ea.)	Reference
